

## Janly Jaggard Materials List

Copper Sheet – I suggest the thickest, around 18 gauge is best. Have copper cut as rectangles or squares and as large as your kiln allows. Have at least two pieces available.

Choose a small selection of transparent and opaque colors that you like to use together, about 5 in total

Sketchbook

Notebook

Sifters (80, 100, 200 mesh)

Pencils

A few sheets of cardstock

Tracing paper

Exacto knife

Trivet

Palette Knife
